BAND & TOOLS

Core Products USA is a distributor of high quality 201, 304 and 316 stainless steel products, and carries everything you need to get tough jobs done including stainless steel bands, buckles, brackets, seals and banding tools.

Our stainless steel banding products can be found anywhere the most durable and corrosion resistance banding materials are required. You'll find them holding up street signs, securing pipes in chemical plants and even holding together bundled cable on suspension bridges.

Safe, Dependable, US-Made Stainless Steel

At Core Products USA, our stainless steel banding/strap and buckle products are made from high quality, American-made stainless steel. This means that you will receive the most durable and long lasting products available on the market.
